WHO WILL BE THE FIRST-EVER GERMAN CHOIR CHAMPION?

In 2022, the first German Choir Championship finally gets underway!

As INTERKULTUR's first national choir competition, exciting festival days are in store:

The competition will be held in several categories and the best choirs of each category will then be allowed to compete once again in the final competition for the title "Deutscher Chormeister 2022" (German Choir Champion).

The city of Koblenz as partner of this event is centrally located and easy to reach for participating choirs from all over Germany. All venues are within walking distance of each other, so that concerts and competitions can be easily followed.

Be there and become the first German Choir Champion!
